**Inquires** - The bathhouse, which is under construction, has an estimated completion date of March 1st, 2015. Concerning the back gate, we are awaiting an electrical inspection and meter installation from Florida Power and Light.

**Attention:**  
The 2015 Budgets have been emailed to all owners, if you did not receive one, please come to the office for a paper copy.

### Friendly Pet Reminder

We have had numerous complaints about pets running loose in Phase II. Please remember ALL pets must be leashed at all times. Especially as many of the Phase II lots have been sold and are owned. Also, with the park getting full, more and more guests will be populating the Phase II area.

Please be courteous and leash your pets.
